CUTTING TIPS:

DOLL

- Cut out between arms.

CLOTHING

- Do not cut between legs as they may differ from doll to clothing. Be sure to include the grey "shadow" when cutting out the pieces to cover dolls feet.

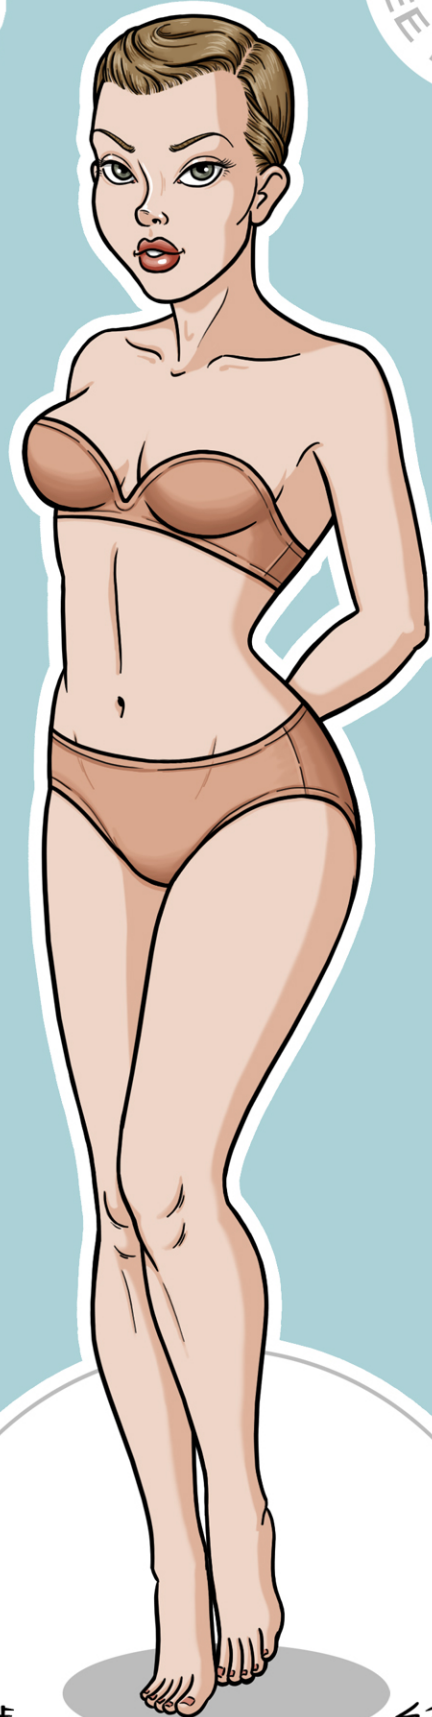

- It is not necessary to cut between arms unless noted.

- Some hair pieces may need slits cut around the face in order to tuck hair behind doll's head.

- Purses are cut so they hang over doll's bent arm, and are meant to be tucked behind doll.

- Make sure to include the tabs!

SUGGEST USING A HOBBY KNIFE (ex. X-ACTO) TO GET THE MOST PRECISE CUTTING.
